 PCB & POWER SUPPLY

# Introduction

# Pioneers in the field of Industrial Automation Services

Automat has established itself as a Single Source Service Point organization, catering to every requirement in the field of Industrial Automation. From High End OEM Repairs, to Supply of Spares, we at Automat ensure that all your maintenance issues are catered to.

We at Automat comprise of a team of highly skilled and qualified personnel in their respective areas of specialization. The core team comprises of the Engineering Department, the Operations Department, and Customer Service, well knitted together by the Management in a structured and transparent manner to provide our customers the highest standards of service.

Being customer centric, we build strategic partnerships through our global suppliers and supply chain to provide Excellence in Service, Exceptional Quality, Affordable Pricing and Innovative Solutions. Our Network of OEM suppliers, sales offices and extensive distribution network, places us as one of the leading service providers, to all Automation requirements.

Aggressive in our approach towards research and development, we ensure in providing solutions to Re-manufacturing, System migrations and Turn Key solutions using the latest in cutting edge technology. This is what we call...**Engineering Revived!!!** 

# Our Services

- Automation Repairs
- Supply of Spares
- System Upgrades
- Industrial Training
- Turn Key Solutions

# Why Choose Automat

- 24 X 7 Free Collection & Delivery
- Free Assessment & Quote
- Comprehensive Testing Facility
- Flexible Warranty Options
- Minimise Failure Cost
- Huge Spares Inventory
- Extensive Knowledge Base

# Drives

#### AC / DC / Inverter / Soft Starter / VFD

#### **ABB**

- ACS Series
- Sami Start

#### Allen Bradley

- Power Flex 4, 40
- Power Flex 525
- Power Flex 700 Series
- 1336 Series

#### **Danfoss**

- VLT Series
- FC Series

- Soft Starters
- Inverters
- VFD

#### Emerson

- Unidrive
- Commander Series

#### Fuji Electric

- FRENIC ACE
- FRENIC Mini
- FRENIC HVAC
- FRENIC Eco

#### Lenze

- 7800 Series
- 8200 Series
- 9300 Series
- SMD Series

#### Mitsubishi

- FR A 200
- FR A 500
- FR A 700
- FR A 741

#### Parker SSD

- 605 Series
- 650 Series
- 690 Series

#### Schneider Electric

- Altivar Series
- Altistart Series
- S/E/M Flex Series
- Power Guard

# Drives

#### AC / DC / Inverter / Soft Starter / VFD

#### **SEW**

- Movidyn
- Movitrac
- Movidrive

#### Delta

- VFD M
- VFD B
- VFD E / EL
- VFD C2000

#### Siemens

- Micro Master
- Midi Master
- Simo Drive
- Simovert
- Master Drive MV/VC/FC
- Sinamics
- Simoreg

#### **KEB**

Kombivert

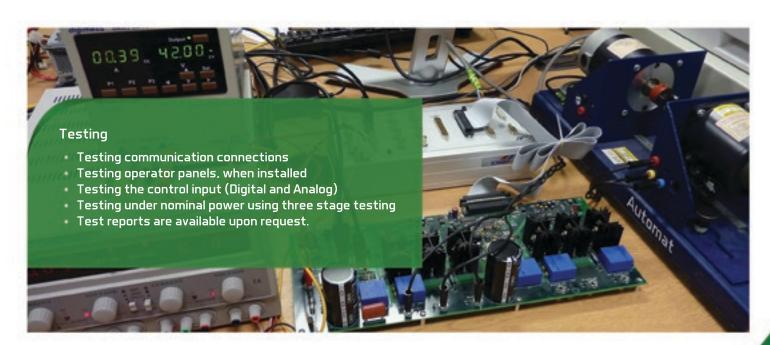

#### Vacon

- Vacon 10, 20 Series
- NXL, NXS
- NXP Air Cooled

#### Yaskawa

- CIMR Series
- A1000/V1000/ Series
- L100A / L100V
- T1000

#### Input / Output Module, CPU's

#### Siemens

- ET Series
- 55 100/110/115 U
- S5 90/95/130/135/ 155/150 U
- 57 200/300/400
- 57 1200 / Programmers

#### **ABB**

- 07KR240
- Advant Controller 31
- Freelance 2000
- Procontic CS31
- \* T200

#### Allen Bradley

- 1756
- Micrologix 1500
- PLC5
- SLC500
- SLC5000

#### Telemecanique

- TSX Micro
- SX Quantum
- Schneider SR3
- Schneider TSX Premium
- Schneider TSX Compact
- Schneider TSX Quantum

#### Mitsubishi

- Alpha
- FX
- FX2
- Melsec A
- Melsec Q

- CPUs
- I/O modules
- Power supply
- Interface cards
- Programmer devices

#### Testing:

- Memory test by loading a program
- Memory test by disconnecting the power
- Controlling the input and output modules.
- Communication modules that are connected to the processor (when necessary).

#### Omron

- CPM1A
- CQM1
- CQM1H
- Sysmac C200 HE
- Sysmac C20

#### B&R

- X20 System
- MA 170 System

#### **GE Fanuc**

- GE Series 3/5/6
- GE Series 90-30
- GE RX7i PAC System
- Genius I/O

#### Honeywell

- IPC 620-30
- IPC 620-20
- IPC 620-25
- IPC 620-35

# **Human Machine Interface**

#### Touch Screens / Operator Panels / Interface Embedded Industrial CPU's

#### Siemens

- Basic Panel Series
- Comfort Panel Series
- Mobile Panel Series
- Key Panel Series
- Industrial Panels

#### Beckhoff

- Built in Panel PC
- CP22/26/27 XX
- CP62/65/66 XX
- CP6606/67XX/C33XX
- Panel PC
- CP 32/37/72/77 XX

#### Allen Bradley

Panel View

#### Telemecanique

- Magelis
- XBT GT Advanced Series

#### Expertise in repair are:

- Touch screen monitors
- Key pad monitors
- CRT monitors
- Industrial CPU

#### Testing:

- Testing of the button or touch screen
- Testing of the monitor
- Testing the communication connections
- Testing I/O modules, when installed

#### **Proface**

- Quickpanel
- SP 5000 Series
- GP 4000 Series
- LT 4000 Series
- FP 5000 Series

#### Omron

- M7 Series
- H7 Series
- NA/NB/ NV Series
- NS/ NT Series

#### B&R

- Panel PC 900 Series
- Panel PC 2100 Series

#### **PILZ**

PiTouch

#### Advantech

- AWS 8129/8248/8259
- IPPC 4001D/
- IPPC 6152/6172/6192 A
- IPPC 9151/9171

# Drives

#### Servo Drives

#### Siemens

- Sinamics
- Simodrive 610
- Simodrive 611
- Simodrive 650
- Simodrive 660
- Simodrive 690

#### Baumuller

- Bus 3
- Bus 6 VC
- Analog Drives
- Digital Drives

#### Indramat / Rexroth / Bosch

- ANAX
- DIAX 1/2/3/4
- DKR
- Ecodrive 01/03
- Indradrive
- RAC

#### Kollmorgen

- 60WKS
- AKD/AKD Basic
- AKD PDMM/N
- 5 200-300/DLS
- 5700
- MMC Smart Drives

#### Fanuc

- Alpha A
- Alpha I
- Alpha iS
- Spindle Drives

#### Lenze

- 9400 Highline
- Servo Inverter i700
- Servo Drives ECS

#### Allen Bradley

- Ultra Servo
- Kinetix Series

#### Parker

- Compax 3 / 3M
- Aries Controller
- Gemini GV6/GV6K
- Compax 0EM TIØX

#### Expertise in repairing:

- Power Section
- Interface modules
- Positioning modules
- Industrial networks
- Feedback
- 1/0

#### Testing:

- Testing of interface modules
- Testing of communication connections
- Testing nominal power, (if servo motor is available)
- Testing the feedback of the drive using an encoder simulator
- Testing of I/O (when installed)

# Servo Motor / CNC Controllers

#### Servo Motor

- Siemens
- ABB
- Allen Bradley
- LENZE
- SEW
- Control Technique
- many more

#### Expertise:

- Feedback: encoder/resolver/tacho
- Brake
- Magnets on the rotor
- Balancing the rotor
- Refurbishing damaged housing and rotor
- Ventilator and Gear

#### Testing:

- Measuring / meggering the winding
- Testing the magnetism
- Testing torque of the motor when standing still
- Testing the brake
- Testing the feedback using PWM9, PWM20
- Testing the shaft
- Testing on load

### **CNC Controllers**

#### Expertise in repairing:

- Power supply
- Control units
- Operator panels
- Interface boards
- Positioning modules
- Industrial networks
- Feedback and I/O

#### Testing:

- Testing communication connections
- Testing parameter memory
- Testing I/O (when installed)
- Testing monitors in combination with the control unit
- Testing safety boards
- Endurance tests
- Testing extra encoder input connections with an encoder simulator

#### **GE Fanuc**

- Alpha 16/18/21
- Alpha Ail6i/18i/2li
- Series Ø / 15 / 6
- Series 16T
- Series 211-TB

#### Siemens

- 802 D SL
- 840 C
- 840 D / D SL
- Sinumerik

# Electronic Repair

- Free Collection / Delivery / Assessment
- Component Level Repair
- General Service of Industrial Automation
- Warranty on all Repairs
- Reverse Engineering

- Stockists of over 50,000 Spares of Major OEM
- Categories of Spares
  - Brand NEW OEM
  - New Surplus
  - OEM Refurbished
  - Used
  - Obsolete
- Exchange Service Available
- Warranty offered on all Spares Supplied

## System Upgrades

#### Migration

- Upgrade obsolete system
- Revive obsolete production lines
- Increase manufacturing output
- Effectively manage / upgrade bottle-necks in production lines

#### Conversion

- Convert DC system to AC system
- Obsolete AC drives to current systems
- Improve production efficiency
- Better energy saving
- Increase longevity of existing production lines

## Industries & Brands

Food & Beverage

Textile

Pharma

Facility Management

**Marine Automation** 

Dredging

**SIEMENS** 

Metals

Waste Water Managem

Utilities

(E) Telemecanique

BALDOR

Theme Park

Glass

Port & Harbour

VACON

COLLMORGEN

Airports

**CNC Machine** 

Printing

Cement

- Lowest turnaround time
- Efficient collection & delivery
- Quick assessment & quote
- Emergency service available

- Reliable, Flexible & Efficient
- Huge obsolete spares inventory
- Single source service provider
- Online job tracker

- No cure; No pay
- Reduce operation / maintenance cost
- Revive obsolete assets
- Maximize savings against OEM prices
